

18 April 1951

Lakehead Amateur Radio Club

The regular meeting of the Lakehead Amateur Radio Club was held at 8:00 P.M. on Wednesday, April 18th in the R. C. A. F. Building, Fort William.

Vice President Frank Start - VE3AJ presided in the absence of President Jim Patterson - VE3AZL.

The Roll Call revealed a total of fourteen members and interested persons present.

The minutes of the last regular meeting were confirmed on motion of Ben Burrell - VE3BMT and Harry Stephens - VE3AIT.

The following subjects were discussed and dealt with:

Pin Design and Cost

There were only two membership designs presented at the meeting and in view of the fact that no definite price had been yet established, the whole matter was referred to the Executive to choose a design, obtain a price quotation on same, and submit their recommendation to the regular meeting of the Club in May.

Exhibition Booth at the C. L. E.

In this regard, Ralph Parker - VE3HU pointed out that this had been discussed every year since the Club was re-organized and apparently the person appointed to look after the matter had fallen down on the job. It was the consensus of opinion that the matter be let go this year as there did not seem to be enough enthusiasm to carry it through.

Social Meeting

The Club decided that this meeting should be a Stag and that instead of having it in May as suggested by the Executive, it be held in June as this would be the last meeting for the season. The meetings would commence again in September.

Field Day

It was felt that this project could be carried out by the individuals interested who could be advised as to when would be held and arrange to keep schedules or any other necessary work in connection with the Field Day for 1951.

Code Practice

This subject was given lengthy discussion but it was felt in view of the last meeting for the season being very close, that notification of the class should be inserted in the Club Bulletin for commencement of classes in September.

At the conclusion of the business, an interesting film entitled "Precipitation Static" arranged through courtesy of President Jim Patterson - VE3AZL, was shown by Ben Burrell - VE3BMT and proved to be quite interesting.

A rag chew and refreshments wound up the meeting which adjourned at approximately 10:30 pm.

Signed:

Ernie Reid - VE3BIX
Secretary Treasurer

Jim Patterson - VE3AZL
President
